The Dallas Police Department Military Assistance Program (DPDMAP)

The Dallas Police Department Military Assistance Program (DPDMAP), in partnership with the VA North Texas Health Care System and the Center for Brain Health, is proud to announce the first of its kind informational one day program regarding military benefits entitled to current and past military personnel. It is a free event for law enforcement and firefighter personnel who are currently or have previously served in any branch of the military.

The program will be held today Thursday, October 3 from 8:45 am until 4:00 pm, at the Jack Evans Police Headquarters Building, Media Conference Room – 2nd floor, located at 1400 S. Lamar Street in Dallas. This is an excellent opportunity for military veterans and their spouses to learn about benefits afforded to them for their military service.

Attendees are free to come to any or all of the briefings (see schedule). Representatives from each presenting group with the VA will have tables set up outside of the Media Conference Room for one-on-one discussions. Free parking will be available located at 1100 Lamar Street (across from Gilley's), approximately one and a half blocks north of headquarters.

Light refreshments will be served throughout the day. Media is invited.

The following groups will be presenting (times and speakers are subject to change):

- (1000) Veterans Benefit Administration
- (1030) Disabled American Veterans
- (1100) Center for Brain Health
- (1200) Texas Veterans Land Board
- (1300) Texas Veterans Commission
- (1400) Veterans Justice Outreach
- (1430) OEF/OIF/OND
- (1500) Veterans Coalition
- (1530) American Legion
