**Statement from Chief U. René Hall regarding DPD Audit**

In October 2017, the City Auditor began an audit into the long standing procedures of off-duty employment by the Dallas Police Department. This audit focuses on the amount of hours that Officers spend on off duty jobs they voluntarily choose to work at outside of their 40 hour DPD work week.

The results of the audit were submitted on September 26, 2018. We have reviewed the results and agree with the findings that have been presented. Policy review is underway and we look forward to implementing the changes that are necessary to ensure the safety of our officers and the community.
